She spoke on two aspects of Manipuri Women. Highlighting the first part, the problems of Manipuri Women, they are facing a harsh like in different angles. The condition of women are really deplorable and comparing with village and urban like, women in rural areas are the worse. They are facing a harsh like, doing all kinds of works but still some of them are victims of various crimes, like rape, molestation, several violence in work place etc. even small girls are oftenly found victimized and many of them are mercilessly murdered after rape. Citing an example from Churachandpur District, a minor girl Mangoo, a six year old girl was murdered after brutally rape by her father's friend who used to come in the family and look the advantage while all the family members went to work in the firm. Even though Manipuri women are facing a harsh like, they are also participating in various social issues. Two Nupi Lan are fine example of it. Still they are leading the society into a good direction by organizing Nesha Bund in every locality to safe the youth from drugs. Another aspect is inspite of having a many difficulties, Manipuri Women can reach upto world standard in various fields like games and sports, culture and education.
